

Engineered Honeycomb
Solutions and Services

Honeycomb Machining and Forming

PLASCORE[®]

Plascore Honeycomb

Machining and Forming Services

Plascore's facilities include a dedicated manufacturing facility with an environmentally controlled machining and processing center to fabricate engineered honeycomb. Programming in CATIA V5 is offered and Plascore can take your CAD models in various forms and convert them into finished parts with a high level of quality.

Plascore offers processing to customer specifications and has facility approvals from several Aerospace OEMs. Our team of engineers work hard to provide unique solutions to complex designs while our Customer Service team offers excellent responsiveness and fast quotations.

Clean, accurate edges

Plascore Machine Capabilities Include:

- Integration from CATIA, IGES, SolidWorks or STEP to CNC cutter paths.
- Thermoforming and Roll Forming capabilities
- Climate-controlled fabrication areas
- 3 and 5-axis CNC routing
- Part inspection
- Aluminium and Nomex® slotting
- Kitting
- Bond Ready Processing
- OEM Approved Facilities

High density machining

Kevlar® machining

Low burr cuts

Contoured surface cutting and inspection

Plascore, Inc., employs a quality management system that is ISO 9001 and ISO 14001 certified.
